INTERVIEWS

We interviewed María Adelaida Escobar and Lina María Gallón about the new construction.

Who had the idea?
Five years ago they had the idea to make new constructions like:
1st stage: the primary building
2nd stage: the bathrooms and the house
3rd stage: preschool
4th stage: the white building
5th stage: the P.E. building

Who is the constructor?
In the construction plan ‘MENSULA’ Company is in charge and the architect is José Noel Franco.

When are they going to finish the construction?
The construction is going to be finished in January but in March they are going to make the final touches.

What is the new construction going to have?
1st floor: a big aerobics room, teachers’ room, sports coordination, physical education coaches’ room, conference rooms, store room
2nd floor: 50 parking stalls
3rd floor: public square, cafeteria for 300 people, future construction planned, pedestrian bridge to avoid jaywalking.

THE MEANING OF VACATION

When I talk about vacation, I usually think of lots of fun activities such as: travelling, going out with friends, waking up late, field trips, entertainment, the beach and many other things.

The word "VACATION" seems to be magic, just recalling it or hearing it brings happiness to my soul and I feel a great wish that vacation comes immediately.

But VACATION should mean more than that, because besides those great possibilities, it offers me a space I should value and take advantage of in order to look through my life and also through those paths I walk by day by day, which make me stop to see what kind of steps I am taking.

My life shouldn't be a high speed race without a limit. My life project is absolutely wonderful. That's why it requires those "stops" in my way, those red traffic lights which give me the opportunity to slow down in order to decide how to go ahead in life.

This vacation I will stop to attentively go throughout the year 2002, to check how I lived it, what good steps I took and where I was wrong, so when the 2003 comes I will have a lot of reflections and decisions that will help me begin the new year and take strong steps throughout each month.

I know I will take advantage of this vacation!

**THE PARADISE**

One day I saw a beautiful paradise. This was in South America.

It has many beautiful things that makes it different from the others like:

- Flowers of different colors.
- Mountains that are high near the sky.
- Lots of beautiful seas.
- Big and deep rivers.
- Pure and clean creeks.

The variety of flora and fauna, but the best of all the people.

This paradise has a lot of achievements and happy things with which we can laugh and enjoy.

But it has many sad things too, with the ones we cry.

But no matter what it keeps on going to find peace, its dream.

This paradise is recognized worldwide as:

**Introduction:**

In math class we were doing a project about names, one of the activities were to tell our parents to make a letter (in Spanish) about why they gave us this name, and what is the meaning for them. When all the letters were here the teachers chose some to put in the fifth grade newspaper and here are the ones they chose but translated in English by several students.

**Medellin, October 28/2002**

For you we liked the name Carolina very much because we thought it was nice and it sounded beautiful. Nobody in the family has your name, so that's why we didn't choose it to remember anybody especial.

We are still convinced that you have a beautiful name and the most important thing is not the name, it's the person that keeps it and you are very special!

Love,

Your mom and dad.

**ELISA (my parents letter)**

Elisa is a short name and it sounds nice, it is like musical, it is harmonious; it represents the elegance of E, the stability, honesty and sense of justice of L, the happiness of L, the sound, sensibility and sweetness of S and the serenity of A.

We chose that name first for being resonant, elegant, short and second because it remind us the best friend of your grandma (your mother side), a very pretty woman inside and physically.

Marily, The Butterfly

Butterfly Marily is very beautiful. She has pink wings with yellow dots, and her antennas are as bright as stars. Her freckles look like chocolate chip cookies, and she has a big bow tied on.

Marily has so much power and magic inside that by just looking at her, she inspires dreams that can eventually come true. Giving you the opportunity to fly and feel what you want to feel.

She has a boyfriend, whose name is Luis. Luis is a blue butterfly whose cheeks immediately turn gray when he laughs. His happiness is spread all over the world, flying like a bird taken by the wind. Always trying to make people laugh and live happily.

That is why Butterfly Marily and Luis have enormous bright wings that can extend love and hope everywhere.

RELIGION

HOW OUR CHURCH BEGAN EXISTING

It all began when God told Abraham to leave his land and start a village, which many years later would be the chosen village to bring our savior, the Messiah.

Jesus like any good Jewish improved some of the religious basis for Christianity like “love your friend as well as your enemy.”
All this caused a great revolution at his time.

His followers and the first communities were the ones that with their testimonies made possible that this great family grew and extended throughout the world.

Today we have a church that is extended throughout the 5 continents and it works for the benefits of those who need it the most.

Places where we went:
Skydome:
   It was the baseball and football stadium. We went there three times, one to see the Yankees vs. The Blue Jays, another to take a tour around it and the last one to eat at Hard Rock Cafe.
C.N. Tower:
   (Canada’s National Tower) it is the tallest building in the world and it is amazing.
Wonderland:
   It is a park that has many wonderful things like roller coasters, water games and many other games. It was so cool!
Niagara Falls:
   They are amazing and so beautiful. When we arrived there we got on a boat and from there we could see New York because there were 2 falls one from the United States and the other from Canada.

We also went to: Planet Hollywood, Montréal, Quebec, Kingston, Ottawa, Butterfly Conservatory, China Town, Ontario Place, Toronto Zoo, Science Centre, some churches, Harbourfront, Royal Ontario Museum.

Sharing with friends:
   Sharing with friends was so cool!!! We felt like a family because everyday we shared amazing adventures and sad moments. Each day we were closer and closer; we told each other our secrets and problems.
   But our friends were not only the girls, our friends were also the Canadian people who shared with us and helped us.

Being away from home:
   It was hard; but with the time we learned to be without our parents to share with our friends. We learned to do the things by ourselves. Something that we missed a lot was the food.
A day at school:

- Classes were from 9:00am to 12:00pm. It was a good thing we'll have lunch together.
- There were 4 teachers and 2 classrooms.
- The 3 teachers were in one class they were: Vanessa, Kristel and Ewa and the other class was with Sarah and Renata.
- Before recess the class was full with Sarah and after recess we went with the other teachers.
- We studied in different ways:
  * Learning different vocabulary.
  * Making games.
  * Quizzes based on a spelling list.

Where did you study?
I studied in San José de Las Vegas and I made a postgraduate in Preschool education.

Where did you work before?
I worked in San José de Las Vegas.

Have you always liked children?
I like kids very much. They are my inspiration.

When you were a little girl did you want to work in a school, or did you want to do another thing?
When I was little my dream was to become a doctor.

How did you come to this school?
Through Diana Gil (a woman that works in San José de Las Vegas.)

Do you have a special support in school, or do you feel that all the people are with you?
Ana Bernal is like my special angel and support.

Do you feel good in school?
I am very happy in the school because all the people are very nice.

What is the thing you like most about school?
The thing that I like most are the people.

Do you want to change something from school?
Sports. I will like more sports like ping-pong.

What are the characteristics that make you special?
The characteristics that make me special are that I’m very funny, sweet and dynamic.

Do you want to say something to the girls?
Yes, that this is an excellent school, that I’m happy to be here, and that I want the best for all of you.

1. When did you start teaching French?
I began teaching French 4 years ago, when I came to Colombia.

2. Why do you like to teach French?
Because it is very wonderful to be able to pass a message for other people.

3. Why did you choose to teach in an all girls school?
I really didn’t choose. The Alianza Colombo Francesa sent me to this school to open the French department.

4. How do you teach your classes?
It depends on the ages of the students, if the student is young she must copy. When the student passes that level we begin to have more conversation.

5. Which are your experiences in our school?
I can say that there are good and difficult moments and there is also a big challenge with all the girls because they don’t have a good listening attitude.

6. Which bad experiences have you had in our school?
I have not had any bad experiences in all the time I have been here.

7. Do you think that French helps the students, why?
Yes, because it gives them the opportunity to know another culture. It opens your mind to a new world and if you know French you’ll have more opportunities in the future.

8. Do you teach classes outside our school?
No, I don’t have time because I work as an assistant coordinator at La Alianza Colombo Francesa.

SPORTS

For some people sports are a waste of time and energy. But truly sports are a distraction for our mind and stimulation for our muscles.

WHY IS THAT?

Sports can take you to the hall of fame and you can be recognized among people, come out on television, magazines, newspapers and have a wonderful body and great health. When you are a good athlete you reach all your goals and touch your dreams.

Sports also give you discipline and teach you how to keep a better relationship with your body that allows you to face problems in a very different way. It helps with your energy, so you don’t think in a negative and sad way, you have a better relation with your friends and you are always relaxed and calmed.

You have the opportunity to travel around the world and meet people and other cultures.

So give it a try. Start practicing a sport and you will start seeing the results right away.

* 1/2 a can of sweetened milk
* 1 can of sour cream

Wash the blackberries very well. In another bowl mix the eggs until they are fluffy.

Add sugar and mix softly then put the blackberries in and continue to mix.

Put in the sour cream and the sweetened milk and mix.

Pour in cups that can be put in the refrigerator.

Complicated
Avril Lavigne:

Chill out, what cha yelling for.
Lay back it's all been done before
and if you could only let it be you
will see.

I like you the way you are when
we're driving in your car and
you're talking to me one on one but
you become.

Somebody else round everyone
else you watching your back like
you can relax you trying to be cool,
you look like a fool to me. Tell me

Why you have to go and make
things so complicated, see the way
you are acting like you're somebody
else gets me frustrated, life's like
this you fall and you crawl and you
break, cnd you take what you get
and you turn it into honesty you
promise me you'll never, I'm never
gonna find you faka it.
No no no...

You came over unannounced
dressed up like you're something
else

where you are making me laugh out
when you strike you pose take off
all

You're not fooling anyone when you
become

Somebody else round...

Chill out...

Somebody else...

In the forest there is an animal that is very funny, he puts fruits, food or things on the other animals. Can you find the strange things? Find 8 strange things.
Ana had a problem. She wanted to go to her farm. When she got there she wanted to see the ducks. When she finished she wanted to ride the horse. Then she was very tired, so she went to sleep. The following day she said bye to the animals and found the way to go back to her house.

Instructions:
Help Ana find the way. You can’t crash against the walls and use a color pen to find the way.

Santa has to put the presents in the tree. Can you help him?

Charles and Chuck are brothers, they know that they are very different. Can you help them to know why they are different? Find 8 differences.
